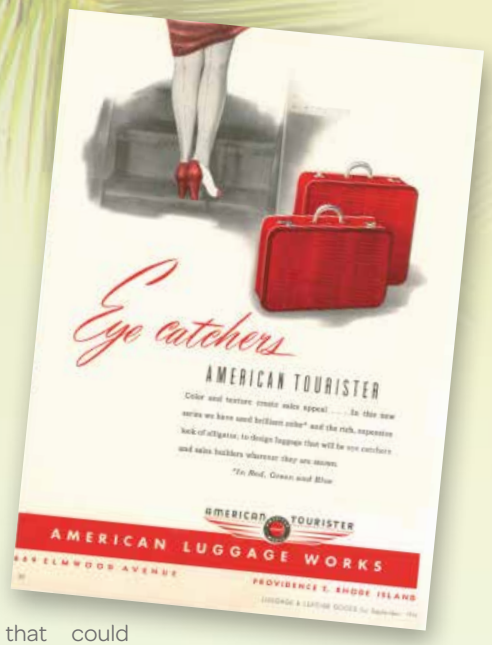
## CATALOGUE 2016

# SINCE 1933



It all started in **1933**, when founder Sol Koffler put his life savings on the line to start a luggage company in Providence, Rhode Island. His dream: a tough suitcase that could sell for a dollar.

**1945** Air travel was taking off and lighter luggage was in high demand. So ***American Tourister*** introduced Hi-Taper luggage that was lighter and easier to pack.

**The 50's** found the company experimenting with new materials to make the world's first moulded luggage. The distinctive modern design could really take a beating.

As international travel soared in the **60's**, ***American Tourister*** was the first company to "flight test" their bags with flight attendants from major airlines.

In the **80's and 90's**, the company continued to design hardside products, while also responding to the shift in demand for softside – durable cases that could withstand even the toughest quality critic, a gorilla.

In **1993**, ***American Tourister*** was acquired by Samsonite, marking the union of the world's greatest luggage brands.

## TIMELINE

# AIR FORCE 1 - GRADIENT

3 YEAR WARRANTY

One of the hot topics in fashion and styling is the Ombré effect, which describes the gradual blending of one colour hue to another, usually moving tints and shades from light to dark. ***American Tourister*** is introducing this interesting design element as part of our SS2016 assortment and surprises us again with this colourful and affordable suitcase range. Based on the great looking Air Force 1 collection, this special execution is made of polycarbonate combined with a printed gradient film, providing a bright finish, easy to recognize on any luggage belt. Comfortable features like expandability, smooth rolling double wheels and padded carrying handles, known from the standard Air Force 1 collection, are part of this colourful package. Choose one of the 3 gradient colours and get away on your next adventure!

- Made from 100% polycarbonate with shiny finishing
- Fixed 3-digit recessed TSA combination lock
- Voluminous and flexible thanks to feature expandability
