GREAT AMERICAN HERITAGE

Built for true Hedgrenists

Meet the Great American Heritage, our new kid on the block. Looks familiar? It's a revised rendition of one of our visually most outspoken designs to date, an icon amongst Hedgrenists. This reimagined collection adds modernity to the distinctive details and nostalgic look of the original 1993 edition. What's more, the Great American Heritage is made of recycled materials.

In the 90's, our Great American Heritage collection was everywhere! Want to travel back to the era of house and grunge music, sturdy cellphones and outspoken fashion trends with striking colors?

It's all in the details

Sustainable, superior quality and lightweight fabric.

Inner pocket with **RFID** protection to prevent credit cards being compromised

Product shapes and details in **nostalgic** design, available in well-balanced retro-modern colors.

Iconic **qualitative** Hedgren branded hardware: puller, front metal buckle, rope stopper, strap buckle.

Smart sleeve to place the backpack on the suitcase handle for easy mobility.

Through the Looking Glass

The Great American Heritage shines a contemporary light on a Hedgren classic. We've resurrected the nostalgic details of the original collection while taking today's standards into account considering functionality and style. The result? An iconic design for a wide range of customers!

Our models **Quest, Crusade, Canyon and Ventura** cater to those who wish to combine the practical benefits inherent to Hedgren with a casual appeal. A bold, yet playful travel companion, this collection focusses on durability, sturdiness, personality and adventure! No stars and stripes, but available in four natural colors closely related to the successful Great American.

Sustainable Superior Fabric

The Great American Heritage collection is sustainable; both the inner and outer fabrics are made using two different recycling techniques for optimal look, feel and quality. The main water-repellent material is 100% recycled nylon, made from fiber waste collected during yarn spinning. For the bottom of the bags, we used a combined high-density polyester, for extra protection. The inside lining fabric and the bottom are also 100% recycled polyester (RPET), made from recycled plastic bottles.

Welcome Emma

Emma is the newest member of the Inner City family. Discover a three-compartment crossover product, inspired by our Follis pouch. Very compact and organized, it's perfect to store any personal items. Emma has a removable shoulder strap and the compartment in the back is fully RFID protected.

Revised products

HIC01 S HARPER'S S

We needed to modernize this famous classic. We've kept the overall size but changed the construction by flattening and adding the curve at the opening and added an extra back zipped pocket and key chain. Harper is available at a competitive price.

EDGE

Come to the edge

An edgy collection of elegant and stylish trolley cases.

Edge is characterized by its subtle matt metallic look and unexpected design. It's an ultra-elegant travel luggage with luxurious finishing. Edge turns pieces of luggage into statement products.

Mood & inspiration

Powerful Pink

This iconic shade assumes new meanings: power, strength, beyond its cliché role of fragile romanticism. This color has become a staple, an expression of modern luxury.
