DENIM
COLLECTION

THE DENIM GENERATION

DENIM is back! Our new sustainable capsule collection DENIM offers a contemporary take on an aesthetic legacy. At Hedgren we continue to push the boundaries in both design and manufacturing. With the DENIM collection we do just that. Blending tactile textures, working with recycled fabrics for the body of the bag and adding a positive orange touch. DENIM consists of four easy-going practical bags, in a navy-blue shade. Made out of strong recycled textured denim fabric, that is also water-repellent. The removable key hanger provides an interesting pop of colour for an edgy yet casual look. The bags all have RFID protection to ensure you are as relaxed and confident as you can be.

Our DENIM bags add character to your wardrobe, and a touch of unexpected edginess to your everyday look. They will accompany you on all escapades (city or countryside). Ready to discover new horizons with DENIM?
