30
ANNIVERSARY
1993

FUTURE PERFECT

This year we celebrate three decades of Hedgren! Xavier Kegels launched Hedgren Creations in Antwerp back in 1993 as a tribute to his open-minded, down-to-earth grandmother. Her timeless spirit can be found in every collection, in every bag, in every dainty detail.

Trends have moved on in 30 years, but the philosophy of the brand remains. Hedgren continues to create bags, backpacks, and luggage that combine function and beauty, with a long-term promise to move people, both physically and emotionally. Our customers are our driving force – the motivation behind our design process, with inclusivity, intuition, and freedom of movement at the heart of every piece. We invite you to celebrate with us this year and become part of the Hedgren movement.

Hedgren

EAU de PARFUM

In an exciting twist to the Hedgren offering, we are celebrating three decades in the apparel industry by launching a high-end new fragrance. Laura de Coninck has taken the traditional Hedgren values and turned it into the most beautiful Eau de Parfum. With a focus on moving forward and creating an emotive experience for our customers, this seemed like the most obvious next step on the Hedgren journey.

Add a scent to your memories to make them more vivid. The Hedgren Eau de Parfum intends to evoke notes of springtime, with green scents, blossom tones, and a woody vetiver base. This rich fragrance gets more interesting with every inhale so you notice hints of cedar, green herbs, bergamot, and spicy pink pepper. A musky, leathery overtone brings the scent to a satisfying close, reminding you of your favourite Hedgren bag.
